

January 23, 2017:

## **Our Mission “Quality Service and Client Satisfaction”**

In our previous Newsletter we outlined our plans to expand our service offerings and operations, leveraging our partnership with Northport Financial with experienced staff in New Jersey and Florida, to provide greater quality service to our customers. We are now announcing two important anniversaries. Northport Financial has just completed its fifteenth year of operation and McKell Risk has completed its seventh year of operation. We thank you for your trust and support.

As we expand our services and operations we are also announcing that Don Fuchs has left McKell Risk Services (MRS) to pursue new opportunities and we wish him continued success. Remaining in place are our senior partners and along with our expanding staff having a combined experience of over 250 years, MRS remains committed to our customers and is positioned to address your needs and to assist you in a prompt and professional manner.
